

citizenM ‘proof of vaccination’ policy Los Angeles

What you need to know

In accordance with the new ordinance issued by Los Angeles City Council, as of **November 4th** we require all guests over the age of 18 who are guests of our hotels, or using the living room or gym, to show proof that they are **fully vaccinated** with the Covid-19 vaccine authorized for emergency use by the FDA or WHO.

As an alternative to providing vaccine verification, prior to entry guests must provide digital or printed documentation from a testing agent, including a laboratory, health care provider, or pharmacy of a negative FDA-approved molecular (e.g., PCR) test or an FDA-approved antigen (e.g., rapid) test administered within the previous 72 hours.

We will validate vaccination status with a physical vaccination card, a photo of your vaccination card, and a government-provided digital record.

Vaccination requirements

“**Fully vaccinated**” means that a person has received all the required doses of an FDA-authorized COVID-19 vaccine (two doses of the Moderna or Pfizer-BioNTech vaccines, or one dose of the Johnson & Johnson vaccine) or a WHO-authorized COVID-19 vaccine series, and 14 days have passed since the final dose.

Vaccines authorized by FDA / WHO

WHO has also listed the Pfizer/BioNTech, Astrazeneca-SK Bio, Serum Institute of India, Janssen and Moderna vaccines for emergency use.

FDA has authorized the use of Pfizer/BioNtech, Johnson & Johnson, Moderna/ NIAID.

Visit this website for most up-to-date information on travel to LA County and vaccines:
<http://publichealth.lacounty.gov/media/Coronavirus/>

Documentation we will take at kiosk to verify vaccination status :

- CDC Vaccination Card (or photo)
- Local Department of Health website for immunization records
- An official immunization record of a vaccine administered from outside the U.S.
- For international travellers, a physical vaccination card or photo is required.
